

GDI+ FUEL SYSTEM 2-STEP KIT

Full Throttle™ Complete Fuel System Cleaner's advanced formula restores power, performance, and fuel economy. With a deep cleaning, Polyetheramine (PEA) formula, it is approved for critical system components including combustion chambers, intake valves, ports and GDI fuel injectors.

- Effective On All Gasoline Fuel Delivery Systems
- Increases Air Flow
- Restores Loss of Power
- Increases Fuel Economy
- Reduces Exhaust Emissions
- Contains Polyetheramine (PEA) for Deep Cleaning
